Principal's Desk

Welcome back to school! It's been wonderful to see so many returning and new students and families at our Open House. You may have noticed that the old superintendent's building in front of the school has been completely renovated. This will house one of our full-time, five-day-a-week, Pre-K classrooms. This renovation was made possible by a grant from the Department of Education to expand Pre-K opportunities for our community. We've also begun work on our playground that includes taking out old and broken structures as we wait for the arrival of new equipment and basketball hoops. This project was paid for with federal money and donations.

We are still looking for additional staff including a music teacher, a special education teacher, and special education ed techs. Please see rsu40.org or contact us for more information.

As many of you have seen and heard, we're struggling with space issues at Miller School. We have students working in former closets, bathrooms and locker rooms, as well as hallways. Music is held on the stage, a location that has poor ventilation and acoustics. If you've tried to attend an event, you know that we do not have enough suitable parking for staff or families and the pavement is seriously in need of repair. We do not have classrooms for Health, World Language, Gifted and Talented, and Multi-language learners. Our health office has no windows and is undersized for our student population. In fact, according to the Department of Education recommendations, Miller School is 15,000 square feet undersized for our population.

The RSU40 School Board voted in May to send a bond to the voters of our district. It includes renovations to all schools, an addition to Medomak Valley High School, and a 12,000 SF addition to Miller. You can find more information at rsu40.org.
