

# **Student Handbook 2025 - 2026**

**For Students and Families**

## **Medomak Middle School**

INSPIRING STUDENTS TO ACHIEVE LIFE-LONG SUCCESS

Our mission is to graduate all students with the knowledge, skills,  
and understandings needed for success in the 21st century.

Dr. Joshua Snyder, Principal  
Julie Sanborn, Assistant Principal  
Melissa Jones, School Counselor  
Matthew J. Lash, Athletic Director

Website: [RSU40.org/mms/](https://rsu40.org/mms/)

**Handbook Use Note to Students and Parents**

Students and parents/guardians are responsible for reading and following the practices, guidelines and rules in this handbook. In case of a conflict between a Board policy and the rules in this handbook, Board policy will prevail. Administration reserves the right to make changes in the handbook without prior notice. The handbook is provided solely for the convenience of students and parents within the Regional School Unit 40. Schools, to the extent permissible by law, expressly disclaim any liability which may otherwise be incurred. If you have any questions about this handbook, please contact your Principal. RSU 40 policies are available at <https://rsu40.org/policies/>.

**Anti-Discrimination Statement**

All RSU 40 students have the right to attend school free from discrimination and harassment, including sexual harassment, assault, and misconduct. More information about our bullying and harassment policies can be found in the Student Behavior and Expectations section of this handbook.

## **Introduction**

Dear Students and Families,

Welcome to a new school year at Medomak Middle School! As your principal, I am excited to embark on this journey with you, filled with opportunities for learning, growth, and success. Our dedicated team of educators is committed to providing a supportive and challenging environment where every student can thrive academically, socially, and emotionally.

This handbook serves as a guide to help you navigate the policies, procedures, and expectations that keep our school community safe and productive. We encourage you to familiarize yourself with its contents and reach out if you have any questions or need further clarification.

Our school is a place where Respect, Responsibility, and Kindness are at the core of everything we do. Together, let's create a positive and inclusive atmosphere where everyone feels valued and motivated to achieve their best.

We look forward to working closely with you throughout the year to ensure a rewarding and enriching educational experience. Let's make this year a memorable one!

Sincerely,

**Joshua Snyder**

Principal, Medomak Middle School

**Our Vision: Inspiring students to achieve life-long success**

**Our Values: Respect, Responsibility, and Kindness**

**Attendance, Absence, Arrival, and Dismissal**

## Attendance

### General Procedure:

Attendance procedure follows the Compulsory Attendance policy JEA. The RSU 40 Board believes that regular classroom attendance is an essential and necessary component of a successful learning experience. Students need to be in the classroom to benefit from instruction, demonstrations, hands-on activities and from the interaction and exchange of ideas with teachers and fellow students. Students who are absent from class are never able to duplicate these valuable classroom-learning experiences.

Students who regularly attend school achieve higher grades, enjoy school more, and increase their chances of becoming contributing responsible adults. State law mandates that schools be in session for at least 175 days per school year and that responsibility for student attendance rests with the student and the family.

Excused Absences are limited to the following circumstances:

- A personal illness;
- Appointments with medical or dental professionals that cannot be scheduled outside of school hours;
- Observance of a recognized religious holiday when the observance is required during a regular school day;
- A family emergency;
- A planned absence for a personal or educational purpose that has been approved; and
- Education disruption resulting from homelessness, unplanned psychiatric hospitalization, unplanned hospitalization for a medical emergency, foster care placement, youth development placement or some other out-of-district placement that is not otherwise authorized by either any individual education plan or a superintendents' student transfer agreement.
  - "Education disruption" does not apply to a student who is out of school for 10 or more consecutive school days as a result of a planned absence for a reason such as a family event/vacation or a medical absence for planned hospitalization or recovery.

If a student is absent for any of the above reasons, the attendance secretary should receive a parent/guardian phone call or the appropriate documentation as soon as possible. It is essential that the parent/guardian notify the school if their student will be absent or tardy. If the school is not notified, the student will be marked as "unexcused." By Maine law, school administration makes the determination of whether or not an absence is excused. Therefore, RSU 40 reserves the right to act on the validity of any student absence and possibly request documentation from a medical provider.

The following non-exhaustive list provides reasons for absenteeism and tardiness that are NOT excusable according to state law:

- Oversleeping;

- Missed school bus;
- Trips not approved in advance;
- Shopping;
- Hunting or fishing;
- Birthday or other celebration; and
- Gainful employment

See Policy: [JEA - Compulsory School Attendance](#)

## **Dismissals**

Please see Board policy JLIB for a complete overview of guidelines related to student dismissal.

Except for the parent(s)/guardian(s) or persons listed on the emergency sheet who will assume care of the child if a parent cannot be reached, children will not be released into the care of any other individual UNLESS the parent(s)/guardian(s) sends a note or calls the school.

Students may be dismissed before the end of the school day for the same reasons as for excused absences. Early dismissals must be arranged in advance by a parent/guardian either by a note or with a phone call and students must check out at the administrative office prior to leaving campus.

**Students must be checked out by an authorized adult in person at the front desk before they can be dismissed from the building.**

See Policy: [JLIB - Student Dismissal Precautions](#)

## **Tardiness**

Students who arrive late to school must check-in in the main office before attending class.

## **Truancy**

Please see Board policy JHB for a complete overview of guidelines related to truancy.

A student is truant if the student is required to attend school or alternative instruction under Maine compulsory attendance law (20-A M.R.S. §5001-A) and the student:

- Has completed grade 6 and has the equivalent of 10 full days of unexcused absences or 7 consecutive school days of unexcused absences during a school year.
- Is at least 6 years of age and has not completed grade 6 and has the equivalent of 7 full days of unexcused absences or 5 consecutive school days of unexcused absences during a school year. Or,

- C. Is enrolled in a public day school, is at least five years of age and has not completed grade 6 and has the equivalent of seven (7) full days of unexcused absences or five (5) consecutive school days of unexcused absences during a school year.

As required by law, the following procedure will be followed when a student is truant.

- A. The principal, upon determining that a student is truant, will notify the Superintendent of the student's truancy within five school days of the last unexcused absence.
- B. Within five school days of notification, the Principal will refer the student who has been determined to be truant to the school's student assistance team.
- C. The student assistance team will meet to determine the cause of the truancy and assess the effect of the student's absences, as well as any future absences for the student. If it is determined that a negative effect exists, the student assistance team will develop an intervention plan to address the student's absences and the negative effect of these absences.
- D. The student and their parents/legal guardians will be invited to attend any meetings scheduled to discuss their truancy and the intervention plan. Failure of the student or their parents/legal guardians to attend any scheduled meetings will not preclude the school from implementing an intervention plan.
- E. If the intervention plan does not correct the student's truancy, the Superintendent/designee will serve or cause to be served upon the parent in-hand or by registered mail a written notice that the student's attendance at school is required by law.
- F. Prior to notifying local law enforcement authorities, the Superintendent/designee will schedule at least one meeting as required in Section 3.C above and may invite a local prosecutor.
- G. If, after three school days after the service of the notice described in Section 3.E of this policy, the student remains truant and the parent and student refuse to attend meetings referred to in Section 3.D, the Superintendent/designee will report the facts of the unlawful absence to local law enforcement authorities. Local law enforcement may proceed with a civil enforcement action should they decide it is appropriate.
- H. When a student is determined to be truant and in violation of the compulsory attendance law, and the team as required by Section 3.B has made a good faith attempt to meet the requirements of Section 3.C, the Superintendent/designee will notify the Board of the truancy.

See Policy: [JHB - Truancy](#)

### **School Cancellation Announcements**

Snow days are built into the district academic calendar. In case of bad weather or other emergencies, a decision about canceling school will be made as early as possible by the Superintendent, usually by 5:30 a.m. The announcement will be made through ParentSquare, on the district website ([rsu40.org](http://rsu40.org)) and over local media outlets.

If for emergency reasons schools are dismissed earlier than the regular closing time, announcements will be made on the above platforms as well.

## **Student Behavior and Expectations**

General Procedure:

The following is a summary of the district's expectations for student behavior. In many cases, the Board has adopted policies that address these expectations in greater detail. Students, parents and others should refer to the policies for more information about the expectations and consequences.

The Board is committed to maintaining a supportive and orderly school environment in which students may receive, and staff may deliver a quality education without disruption or interference and in which students may develop as ethical, responsible and involved citizens.

RSU 40 Core Values and Beliefs include:

- Respect
- Honesty
- Compassion
- Fairness
- Responsibility
- Courage

All students are expected to comply with Board policies and rules related to student conduct. Conduct related policies and rules apply to students on school property, while in attendance at school or at any school-sponsored activity, and at any time or place that a failure to comply with these policies and rules would directly interfere with the operations, discipline or general welfare of the school or students.

The following expectations for student behavior are fundamental to a safe, orderly and respectful environment in our schools. Each student should:

- Be courteous to fellow students, staff and visitors.
- Respect the rights and privileges of other students and school staff.
- Follow Board policies and school rules governing student conduct.
- Follow directions from school staff.
- Cooperate with staff in maintaining school safety, order and discipline.
- Attend school regularly.
- Meet school standards for dress.
- Respect the property of others, including school property and facilities.
- Refrain from cheating or plagiarizing the work of others.
- Refrain from vulgarity, profanity, obscenity, lewdness and indecency.

Students must follow all Board policies and school rules while participating in extra-curricular, and co-curricular activities.

### **System Wide Student Code of Conduct**

The System Wide Student Code of Conduct will be distributed to staff, students and parents through the attached link in this handbook or other means selected by the Superintendent and building administrators.

Violations of the System-Wide Code of Conduct may necessitate positive and restorative interventions and disciplinary action. Administrators have the discretion to tailor discipline to the facts and circumstances of the particular case. Consequences will range from a verbal warning for minor misconduct up to and including expulsion for the most serious offenses. Behavior that also violates the law may be referred to law enforcement authorities.

See Policy: [JIC - System-Wide Student Code of Conduct](#)

### **Violence and Threats**

Please see Board policy JICIA for a complete overview of guidelines related to weapons.

Students will not engage in violent or threatening behavior. Prohibited behavior includes fighting, assault or battery, taking hostages, threats to commit violence against persons or property, or threats, intimidation, or harassment. Violations may result in disciplinary action up to and including expulsion.

See Policy: [JICIA - Weapons, Violence and School Safety](#)

### **Bomb Threats**

Please see Board policy JICIB for a complete overview of guidelines related to bomb threats.

Bomb threats, whether real or intended as a prank, represent a danger to the safety and welfare of persons and to the integrity of school property. Bomb threats disrupt the instructional program and learning environment while placing significant demands on school financial resources and public safety services. Any bomb threat will be regarded as an extremely serious matter and treated accordingly.

See Policy: [JICIB - Bomb Threats](#)

### **Weapons**

Please see Board policy JICIA for a complete overview of guidelines related to weapons.

Students will not possess or use weapons of any kind (examples include but are not limited to firearms, explosives and knives). Students also will not use any object, although not

necessarily designed to be a weapon, to inflict bodily harm or to threaten, intimidate, coerce or harass another person (examples include but are not limited to bats, lighters, tools and toy weapons). Firearms violations will result in expulsion in accordance with state and federal statutes; other weapons violations may result in disciplinary action up to and including expulsion.

See Policy: [JICIA - Weapons, Violence and School Safety](#)

## **Hazing**

Please see Board policy ACAD for a complete overview of guidelines related to hazing.

Hazing is prohibited. Maine law defines hazing, in part, as “any action or situation, including harassing behavior, that recklessly or intentionally endangers the mental or physical health of any school personnel or a student enrolled in a public school.” No student will plan, encourage, or engage in such activities in connection with any school program or activity, including extra-curricular and co-curricular activities. Students who engage in hazing activities are subject to suspension, expulsion or other appropriate disciplinary measures.

See Policy: [ACAD - Hazing](#)

## **Discrimination and Harassment/Sexual Harassment**

Please see Board policies, including AC, ACAA, ACAAA, and ACAA-R for a complete overview of guidelines related to Discrimination and Harassment.

Students should not discriminate against or harass other students on the basis of race, color, sex, sexual orientation, age, physical or mental disability, genetic predisposition, religion, ancestry, or national origin. Sexual harassment is also prohibited. Discrimination and harassment are grounds for disciplinary action up to and including expulsion.

See Policies:

[AC - Nondiscrimination/Equal Opportunity and Affirmation Action](#)

[ACAA - Harassment and Sexual Harassment of Students](#)

[ACAAA - Transgender and Gender Expansive Students](#)

[ACAA-R - Student Discrimination/Harassment and Title IX Sexual Harassment Complaint Procedure](#)

## **Bullying and Cyberbullying**

Please see Board policies JICK and JICK-R for a complete overview of guidelines related to bullying and cyberbullying.

Bullying includes, but is not limited to, a written, oral or electronic expression or a physical act or gesture or any combination thereof directed at a student or students that:

- A. Has, or a reasonable person would expect it to have, the effect of:

1. Physically harming a student or damaging a student's property; or
  2. Placing a student in reasonable fear of physical harm or damage to the student's property; or
- B. Interferes with the rights of a student by:
1. Creating an intimidating or hostile educational environment for the student; or
  2. Interfering with the student's academic performance or ability to participate in or benefit from the services, activities or privileges provided by a school; or
- C. Is based on:
1. Actual or perceived characteristics identified in the Maine Human Rights Act as a protected class (race, color, sex, sexual orientation, age, physical or mental disability, genetic predisposition, religion, ancestry, or national origin) or other distinguishing personal characteristics (socioeconomic status; physical appearance; weight; or family status); or
  2. A student's association with a person with one or more of these actual or perceived characteristics or any other distinguishing characteristics;
  3. That has the effect described in subparagraph A or B above.

See Policies:

[JICK - Bullying and Cyberbullying in Schools](#)

[JICK-R - Bullying - Procedures](#)

## **Drug and Alcohol Use**

Please see Board policies JICH and JICH-R for a complete overview of guidelines related to drug and alcohol use.

Students will not distribute, possess, use or be under the influence of any alcoholic beverage, drug, look-alike substance, or other prohibited materials and/or substances as described in Board policy. Violations may result in disciplinary action up to and including expulsion from school.

See Policies:

[JICH - Drug and Alcohol Use by Students](#)

[JICH-R - Drug and Alcohol Use by Students Procedure](#)

## **Tobacco Use**

Please see Board policy ADC for a complete overview of guidelines related to tobacco use.

Students will not smoke, use, possess, sell, or distribute any tobacco products. Violations of this policy may result in disciplinary action up to and including expulsion from school.

See Policy: [ADC - Smoking and Possession of Tobacco Products/Electronic Smoking Devices](#)

## **Questioning and Searches**

Please see Board policy JIH and JIH-R for a complete overview of guidelines related to questioning and searches.

The Board seeks to maintain a safe and orderly environment in the schools. School administrators may question and search students in accordance with Board policies and accompanying administrative procedure.

Students, their personal property, and their vehicles may be searched upon reasonable suspicion that they possess any items or substances which are prohibited by law, Board policies or school rules, or which interfere with the operations, discipline or general welfare of the school.

See Policies:

[JIH - Questioning and Searches of Students](#)

[JIH-R - Questioning and Searches of Students Procedure](#)

## **Suspension and In-School Suspension**

Please see Board policy JKD for a complete overview of guidelines related to suspension and in-school suspension.

When possible and necessary, in-school suspension will be used as opposed to an out of school suspension. Out of school suspension will be used cautiously as outlined in policy. Students are not allowed on RSU 40 property during suspension, and cannot participate in school sponsored activities until after the suspension ends without administrative approval.

See Policy: [JKD - Suspension of Students](#)

## **Expulsion**

Please see Board policies JKE and JKE-R for a complete overview of guidelines related to Expulsion.

No student will be expelled from school except by action of the Board. Following a proper Investigation and hearing, and in accordance with the Board's districtwide disciplinary policies, the Board may expel a student if found necessary for the peace and usefulness of the school, as provided in 20-A M.R.S. §1001(9) and (9-A).

See Policies:

[JKE - Expulsion of Students](#)

## [JKE-R - Expulsion Hearing and Reentry Guidelines](#)

### **Detention and Office Detention**

Detentions: A student may be issued a detention as a consequence for a violation of the school's code of conduct. Failure to serve an office detention may result in a suspension. Same day detentions may occur if parents can be reached in a timely manner. Students who are absent on days of detention due to illness or other excused absence must serve the detention on the day they return to school unless other arrangements have been made in advance.

See Related Policy: [JK - Student Discipline](#)

### **School Technology and Internet Use**

Please see Board policies JFCK and JFCK-R for a complete overview of guidelines related to technology and internet use.

Technology equipment is provided for student use to meet learning objectives. The use of technology with students creates many opportunities for learning and responsible use is an important part of that learning. The district recognizes the need to partner with families to inform and educate students on the appropriate use of technology; including the topics of online safety, privacy, and cyber-bullying.

Students receive information on technology use at school and the district provides Internet content filtering, in accordance with federal law, for students while accessing the school's network. School staff will supervise student use of computers in the classroom but be aware that no filtering is fool-proof and supervision may not prevent all instances of inappropriate use or access to objectionable content. Please talk with your student about appropriate use of technology. A good resource for families is Common Sense Media ([www.commonsensemedia.org](http://www.commonsensemedia.org)).

In circumstances where a student violates a school or district policy, access to a device may be restricted. However, all students will have access to the materials necessary to complete their schoolwork. Damage to a device beyond normal use or loss of the device may result in families being billed for replacement cost.

See Policies:

[JFCK - Student Use of Privately Owned Electronic Devices at School](#)

[JFCK-R - Student Use of Privately Owned Electronic Devices at School Procedure](#)

### **Cell Phone Use & Student Electronic Devices**

Please see Board policy JFCK, JFCK-R, IJNDB, and IJNDB-R for a complete overview of guidelines related to cell phone and electronic device use.

The following requirements are expected of all students:

1. Students are prohibited from using privately owned electronic devices, including but not limited to cell phones, smartphones, smartwatches, tablets and electronic games during the school day, including, field trips and co- curricular/extracurricular activities.
  - a. During the school day and school activities, all such electronic devices must be turned off and stored in a student's locker.. The only exception to this rule is when a teacher specifically authorizes students to use privately owned electronic devices for a specific purpose or the use of the device is expressly stated in a student's Individualized Education Program (IEP) or 504 plan for a specific purpose.
2. Students may use privately owned electronic devices while traveling for school activities to the extent allowed by bus/van drivers or employees chaperoning trips.
3. The use of cameras or the camera/video/sound recording functions on any electronic device is strictly prohibited in locker rooms, restrooms and classrooms. In other school locations, students are required to obtain permission before photographing, taking videos or recording any individual. Students are also required to obtain prior permission before posting any photos, videos or sound recordings of individuals taken at school or during school activities on social media or elsewhere.
4. Any use of privately-owned electronic devices that violates any Board policy, administrative procedure or school rule is strictly prohibited. In addition, accessing, viewing, submitting, forwarding, downloading or displaying any materials that are defamatory, abusive, obscene, vulgar, sexually explicit, sexually suggestive, threatening, discriminatory, harassing, bullying or illegal is prohibited.
5. Students' privately-owned electronic devices may be subject to search if there is reasonable suspicion that a student is violating Board policies, procedures or school rules, or engaging in other misconduct and that the device may contain relevant evidence. School administrators may confiscate such devices for as long as necessary to complete their investigation.
6. Students violating these rules will be subject to discipline, which may include:
  - a. Exclusion of the electronic device from school; and
  - b. Sanctions ranging from detention to expulsion from school, depending upon the nature of the offense and the student's disciplinary record.

## **Chromebooks**

MMS students are each issued a chromebook for their educational use during the school year while at Medomak Middle School. Students leaving the district must turn-in the device issued to them by their last day at MMS. Devices are turned in when requested by school administration.

Chromebooks issued to students are expected to go home with students on a daily basis unless a parent/guardian requests that the device not be brought home. A parent/guardian may make this request by contacting the school's main office. Students are to bring the devices to school each day, fully charged.

Chromebooks used outside of the school network (at home) will provide some content filtering of the Internet as "safe search" is enabled but no filtering is 100% reliable and families are required to monitor student access to the Internet.

In circumstances where a student violates a school or district policy, access to a device may be restricted. However, all students will have access to the materials necessary to complete their schoolwork.

Students are responsible for the general care of their assigned Chromebook. If a student has a Chromebook that is broken or fails to work properly they will need to bring it to the designated support area within the school as soon as possible so the issue can be diagnosed and addressed. In the first year of ownership, the device will also be covered against all defects in materials and workmanship. The vendor will provide normal replacement parts necessary to repair the Chromebook or a replacement is warranted. The vendor warranty does not warrant against damage caused by misuse, abuse, or accidents.

In the event of damage to a student's chromebook that is deemed to be the result of misuse, abuse, or has been done intentionally, the student and parent will be responsible for any repair or replacement costs incurred. These charges are not to exceed the replacement cost of the items themselves as listed below.

Chromebook Replacement/Repair Fees:

Chromebook:\$200.00

Replacement Charger: \$15.00

Keyboard:\$ 15.00

Screen: \$20.00

More specific information about student's responsibility with their chromebooks can be found in the [Chromebook Care and Use Guidelines](#).

See Policies:

[IJNDB - Student Use of School-Issued Computer/Device and the Internet](#)

[IJNDB-R - Student Computer/Device and Internet Use Rules](#)

[JFCK - Student Use of Privately-Owned Electronic Devices at School](#)

[JFCK-R - Student Use of Privately-Owned Electronic Devices at School Procedure](#)

## **Dress Code**

Please see Board policy JICA for a complete overview of guidelines related to dress codes.

In an effort to provide a dress code, that according to RSU 40 policy, "recognizes that responsibility for the dress and appearance of students rests with individual students and

their parent(s)/guardian(s),” and to provide a safe and affirming school culture that allows students the ability to express themselves.

RSU 40 makes the following commitments with respect to Student Dress:

- The dress code makes no distinctions regarding gender or gender identity.
- Staff members will report any dress code concerns to an administrator, rather than directly addressing dress code issues with students.
- Dress code concerns will be handled privately and respectfully with a student by an administrator.
- Class time will not be interrupted by dress code concerns.
- Dress code issues will not be documented in the behavior record of a student.

What is not allowed?

- Clothing that shares a message that is discriminatory or harassing based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation or any other protected groups.
- Clothing that depicts pornography, nudity or sexual acts, including profanity or sexual innuendo.
- Clothing that depicts, advertises or advocates the use of illegal substances such as alcohol, tobacco, marijuana or other controlled substances.
- Clothing that depicts weapons or violence, or encourages violence.
- Clothing that exposes genitals, buttocks, breast, chest, or nipples.
- Exposure of undergarments beyond waist bands or visible straps.
- Blankets or capes or other accessories that are deemed a safety concern (contamination, tripping, choking, etc.)

See Policy: [JICA - Student Dress](#)

### **Gifts to Staff**

Please see Board policy KCD for a complete overview of guidelines related to gifts.

All gifts to staff must comply with Policy KCD. Teachers and other employees are discouraged from accepting gifts from parents or students that exceed nominal value (ordinarily \$20.00 or less). The Board encourages the writing of letters by parents and students to teachers and other staff members as a more meaningful and appropriate way of expressing gratitude and appreciation.

The Board may accept, on behalf of RSU 40, any bequest, gift of money, or property for purposes deemed suitable by the Board in accordance with state law and consistent with the mission and vision of RSU 40. All gifts will be accepted in the name of RSU 40 and become the property of RSU 40, but may be designated for use in a particular school or department.

See Policy: [KCD - Public Gifts/Donations to the Schools](#)

## **Lockers and Backpacks**

Student lockers are the property of the school and are unlocked. Lockers may be inspected at any time by the principal/designee. Students are responsible for any item found in their lockers. If the item found is not allowed in the school, the student may be penalized. Any lost or stolen item is the sole responsibility of the student.

## **Student Health and Safety**

Please see Board policy JLCD for a complete overview of guidelines related to student health and safety.

The school nurse or health aide is available in the health office to administer first aid, respond to medical emergencies, and administer medication required during school hours according to district policy. Students are encouraged to visit the school nurse to discuss health related issues.

At the beginning of each school year, families are asked to fill out an emergency sheet update. It is very important that the school has, at all times, current telephone numbers where parents/guardians may be reached in case of emergency or illness. Be sure to let the school know if these numbers change.

See Policy: [JLCD - Administering Medication to Students](#)

## **Immunization Requirements**

Please see Board policy JLCB for a complete overview of guidelines related to immunization of students.

All students who enroll in RSU 40 schools are required by Maine law to present a certificate of immunization or evidence of immunization or immunity against poliomyelitis; diphtheria, pertussis (whooping cough), tetanus; measles, mumps, rubella; and varicella (chicken pox). Students entering grades seven and 12 must also receive the quadrivalent meningococcal conjugate vaccine (MCV4).

Please consult Board policy JLCB to determine applicability of certain circumstances where students are exempt from these requirements.

See Policy: [JLCB - Immunization of Students](#)

## **Medication**

Please see Board policy JLCD for a complete overview of guidelines related to Medication.

In the event that your child needs medication administered during the school day, the “Request/Permission to Administer Medication in School” form must be completed by the student’s physician as well as the parent/guardian. All medication will be kept in a locked area in the school’s health office and administered by trained school personnel. The exception to this includes students with asthma who may retain their prescription inhalers and students with acute allergic reaction who use an Epinephrine Auto-Injector, if specifically requested in writing by the student’s physician. The student’s physician must instruct them to self-medicate and the parent/guardian must submit the required paperwork to the school nurse.

See Policy: [JLCD - Administering Medication to Students](#)

### **School Insurance**

Student accident insurance can be purchased through the school for the school year.

### **Symptom Protocols**

Please see Board policy JLCC for a complete overview of guidelines related to communicable and infectious diseases.

All persons under quarantine will be excluded from school and school activities. Quarantine regulations established by the Department of Health and Human Services will be observed. The school nurse will be responsible for notifying the Department of Health and Human Services of anyone having a communicable disease as required by law and Department of Education rules. The Superintendent must receive notice of all communicable disease cases and contacts in the school.

A certificate from the attending physician is required before any quarantined person returns to school. The Superintendent or the school nurse must give permission before the person is readmitted to school. Persons who have a communicable disease that does not require quarantine will be excluded from school as prescribed by law, or will observe other protective procedures according to recommendations issued by the school physician/ designee. In the event of an actual or threatened outbreak of a communicable disease or other public health threat, the Department of Health and Human Services may exclude any person attending or working in a school until the Department determines that a public health threat no longer exists.

Anyone receiving information pursuant to this policy must treat as confidential the names of individuals having or suspected of having a notifiable disease or condition, as well as any other information that may identify those individuals. This information may be released to the health department for adult or child protection purposes in accordance with the law.

See Policy: [JLCC - Communicable Diseases](#)

## **Comprehensive Health and Safety and Emergency Management Plan**

Each school in the district has developed comprehensive plans for emergencies. In addition to fire drills, schools are now prepared and practice both evacuation and lockdown procedures. Instruction regarding evacuation of the school building in case of a fire or another emergency is regularly provided. Fire drills are held frequently. At the beginning of the school year, drills are announced and demonstrated to primary students. Later they are held without notice. Every effort is made to help students realize the seriousness of fires. Such matters as warning signals, proper exits, and evacuation routines are carefully planned and are made known to the children. Please make sure to update the emergency contacts as those listed have access to make decisions for and pick up your child.

## **School Counseling**

Counseling in schools encompasses a wide variety of services. Students, parents, teachers and other school personnel may make referrals for services.

A student's right to confidentiality is important. Without confidentiality, school counselors and social workers cannot maintain an effective therapeutic relationship with students or their families.

With the exceptions of reports to an appropriate authority, or to take appropriate emergency measures, when a student's condition requires others to assume responsibility for the student or there is a clear and imminent danger to the student or others; or to comply with the requirements of Title 22, Chapter 1071 of Maine's Revised Statutes, a school counselor or social worker may not be required to disclose information gathered during a counseling session with a student or with a parent, guardian, or person or agency having legal custody of a student. Such information must be kept confidential consistent with the professional obligations of the school counselor or social worker.

Provided their professional obligations permit disclosure, school counselors and social workers may also disclose confidential student information gathered during a counseling session to other school personnel when such disclosure is necessary for those personnel to do their jobs, in the event they become aware of a planned or actual violation of school rules or policies, if required to do so by law, and in other appropriate situations after consulting with building administration.

Students may provide school counselors and social workers with information that is not shared with parents/guardians, as parents/guardians may share information that is not shared with students.

As a general matter, school counselors and social workers will strive for appropriate information sharing and problem solving at all times at a pace acceptable to the student (or the parent/guardian as the case may warrant) and taking into account a student's age, level of maturity, and safety.

## **Student Records**

Staff members have unlimited access to student information and records involving those particular students with whom they have particular educational interest.

### **Student Records and FERPA**

Please see Board policies JRA, JRA-R, and JRA-E for a complete overview of guidelines related to the Family Educational Rights and Privacy Act (FERPA) and student records.

An accurate cumulative student record will be maintained for every student enrolled in RSU 40. A student record is any information or data recorded in any medium that is collected and stored by the school for educational purposes. The student record will include, but not be limited to, the following:

- Health records
- Registration information
- Emergency information
- Evaluation results by school personnel and outside agencies
- Samples of work reports of teachers
- Special Education, (IEP)
- Test results
- Progress reports or grades

RSU 40 will comply with FERPA and all other federal and state laws and regulations concerning confidentiality and maintenance of student records and student information.

FERPA requires the school to allow parents and students 18 years and older to:

- Review and inspect the student's school records
- Challenge the student's school record in a hearing, if they feel the records are misleading or inaccurate

Records may also be released without written permission to federal, state, and local authorities performing duties authorized by statutes, financial aid officers, and to persons in accordance with a court order or subpoena.

See Policies:

[JRA - Student Records and Information](#)

[JRA-R - Student Education Records and Information – Administrative Procedure](#)

[JRA-E - Annual Notice of Student Education Records and Information Rights](#)

## **Directory Information**

Please see Board policies JRA, JRA-R, and JRA-E for a complete overview of guidelines related to directory information.

RSU 40 designates the following student information as directory information: name, participation, and grade level of students in recognized activities, and sports, height and weight of student athletes, dates of attendance in RSU 40, and honors, and awards received. RSU 40 may disclose directory information if it has provided notice to parents (and eligible students over 18) and has not received timely written notice refusing permission to designate such information as directory information.

Parents or the student (if over 18 years of age) may request that no directory information be given out under any circumstances. Any student or parent who does not want this information released should inform the school administration of their request in writing by October 1st of the current school year.

See Policy:

[JRA - Student Records and Information](#)

[JRA-R - Student Education Records and Information – Administrative Procedure](#)

[JRA-E - Annual Notice of Student Education Records and Information Rights](#)

### **Transfer of Student Records**

Please see Board policies JRA, JRA-R, and JRA-E for a complete overview of guidelines related to student records.

As required by Maine law, RSU 40 sends student education records to a school unit to which a student applies for transfer, including disciplinary records, attendance records, special education records and health records (except for confidential health records for which consent for dissemination has not been obtained).

See Policy:

[JRA - Student Records and Information](#)

[JRA-R - Student Education Records and Information – Administrative Procedure](#)

[JRA-E - Annual Notice of Student Education Records and Information Rights](#)

### **ParentSquare**

ParentSquare is RSU 40's communication platform for families. Through ParentSquare, families will receive both emergency notifications, including school cancellations and delays, and general information regarding events at schools. Families will also have the option to schedule parent/teacher conferences and sign permission forms through ParentSquare. Register your account by using the email address you have provided your school and download the ParentSquare app for iPhone or Android. More information may be found on the technology page of the district website (<https://rsu40.org>).

## **Infinite Campus**

MMS uses Infinite campus to record, and disseminate student information to students and families, including grades and attendance. Students will be provided access to Infinite Campus through their homeroom teacher. Parents will receive login information in the start of year information packet

## **Section 504 Eligibility & Services**

Please see Board policies IHBA, IHBA-R, and IHBA for a complete overview of guidelines related to 504 eligibility and services.

Section 504 of the Rehabilitation Act of 1973 (Section 504) prohibits discrimination against persons with a disability in any program or activity receiving federal financial assistance. Public schools have specific responsibilities under the Act, including the responsibility to identify, evaluate and, if the child is determined to be eligible under Section 504, to provide access to a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to any accommodations and related aids or services necessary for an identified child with a disability to benefit from the student's education. Each school has a designated building coordinator for Section 504.

At Medomak Middle School, the 504 Building Coordinator is Julie Sanborn]. Any questions about Section 504 referral, eligibility or services can be referred to the Building Coordinator. RSU 40 has a Section 504 handbook that is a resource for students, parents and school district staff regarding the requirements of Section 504 as they relate to students available upon request to the Building Coordinator.

## **Special Education**

### **Referrals**

Please see Board policies IHBA, IHBA-R, and IHBA for a complete overview of guidelines related to special education referrals.

All school-age students suspected of having a disability that requires special education will be referred to the IEP Team for an evaluation in all suspected areas of disability. Referrals of students to the IEP team may be made by parents at any time, and by professional school staff regardless of the results of the initial child find activities, but after completion of the general education intervention process. Other individuals or agency representatives (including representatives of the Department of Health and Human Services) with knowledge of the child may also make referrals. Any such referral should be made in accordance with procedures approved by the Superintendent/designee.

Regardless of the source of the referral, a referral will be considered received by RSU 40 on the date that the written referral is received by the office of the Director of Special Services. It will be signed and dated by the Director of Special Services/designee, thereby indicating the date of the receipt of that referral.

See Policy:

[IHBAA - Referral/Pre-Referral](#)

[IHBAA-R - Referral Procedure and General Education Interventions](#)

[IHBAB - Referral to Private School](#)

### **Response to Intervention Team**

Please see Board policy IHBAA, IHBAA-R, and IHBAB for a complete overview of guidelines related to Response to Intervention (RTI).

The Team is a diverse group of school personnel committed to offering support, recommending alternatives and facilitating access to resources for students who are encountering difficulties in school. The purpose of the team is to assist concerned school staff members and parents of referred students to find effective interventions to promote a successful and positive school experience. Referral to the RTI [SAT] team may also serve as a prerequisite for Special Education referral.

See Policy:

[IHBAA - Referral/Pre-Referral](#)

[IHBAA-R - Referral Procedure and General Education Interventions](#)

[IHBAB - Referral to Private School](#)

### **Individualized Education Programs**

Please see Board policies IHBAA, IHBAA-R, and IHBAB for a complete overview of guidelines related to IEP programs.

The Individualized Education Program team (IEP team) is a committee that is made up of parent(s)/guardian(s), student's teacher(s), a building administrator, a special education teacher, and other specialists as needed. The responsibilities of the IEP team are to determine eligibility for students to receive special education services due to a disability that interferes with the child's learning, develop appropriate individual education programs for students with special needs, and monitor each child's special education progress. Individuals, ages 3-22 years, who have a disability impacting their ability to access their education are eligible for special education services

See Policy:

[IHBAA - Referral/Pre-Referral](#)

[IHBAA-R - Referral Procedure and General Education Interventions](#)

[IHBAB - Referral to Private School](#)

## **Removal of Disruptive/Violent/Threatening Students**

Students who are disruptive, violent or threatening death or bodily harm to others may be removed from classrooms, school buses or other school property when necessary to maintain order and safety. The staff member who orders the student removed should arrange to have the student escorted to the office or other designated location. If a student does not comply with a staff member's order to leave, the staff member will contact an administrator, or, if not available, another suitable person, who will respond promptly. The responding administrator/designee will take appropriate action. Any use of physical restraint or seclusion of students must comply with applicable regulations and Board policy.

RSU 40 has adopted policies and procedures for determining when a student will be referred for special services. The school will schedule an IEP meeting to review the IEP of a student who has been removed from school when: a) school officials or the parent believes the student may present a substantial likelihood of injury to themselves or others; b) the class removals are sufficient to constitute a change in the student's special education program; or c) school officials or the parent believes that the student's behavior may warrant a change in educational programming.

See Policies:

[IHBAA - Referral Procedure and General Education Interventions](#)

[JKAA - Use of Physical Restraint and Seclusion](#)

[JKAA-R - Procedure on Physical Restraint and Seclusion](#)

[JKF - Disciplinary Removal of Students with Disabilities](#)

## **Transportation**

General Procedure:

Student transportation is of the utmost importance. For transportation by bus or district van, parents are requested to instruct their children in the appropriate ways of riding on a bus/van.

To further assure the safety of students, parents are requested to observe the following:

1. A note must be sent by the parents or a phone call received if the child is NOT going home on the regular bus. Otherwise, the child will Board the bus as usual. Blanket permission for a certain afternoon each week is allowable, but written instructions from the parent/guardian must be complete and specific. This note will be checked by the office staff and the bus driver notified.
2. Children are to be unloaded from the bus at their regular stop only unless the parent has made other arrangements and the school and the bus driver have been notified.
3. Children riding the bus to school are to be ready at the proper stop in the morning.
4. No child is to be released from the bus into the custody of anyone, without the parent's and driver's consent. If you wish to meet your child at school, please go to the school office and sign your child out at dismissal time.

5. Bus drivers are responsible for discipline on the bus. Misconduct on the bus may lead to loss of bus riding privileges. Parents will be notified in writing or a phone call about warnings and loss of riding privileges. Other rules and regulations for bus passengers are found separately in RSU 40's bus policy.

### **Conduct on School Buses**

Please see Board policy JICC for a complete overview of guidelines related to student conduct on school buses and other district transportation.

Students must comply with all Board policies and school rules while on school buses. Students who violate these policies and rules on a school bus may have their riding privileges suspended or revoked, and may also be subject to additional disciplinary action, up to and including expulsion, depending upon the particular violation, as permitted by law.

See Policies:

[JICC - Student Conduct on School Buses](#)

[EEAA - Student Bus Transportation](#)

[EEAEA - Student Transportation Employee Requirements, Training and Responsibilities](#)

[EEAEA-R - Student Transportation Employee Requirements, Training and Responsibilities Procedure](#)

### **Co-Curricular and Extra-Curricular Activities**

General Procedure: Eligibility to participate in Co-Curricular/Extra-Curricular Activities and Interscholastic Athletics.

MMS Co-Curricular/Extra-Curricular Activities and Interscholastic Athletics can enhance a student's academic experience in grades 6, 7 and 8 but are voluntary, not directly related to MMS's core curriculum, and subject to MMS's eligibility requirements. These activities typically include intramural sports, clubs and other events and activities that take place outside the traditional classroom. School athletics are included in this definition; however, they have their own set of eligibility rules. **At this time 6th grade MMS students will only be eligible for non-cut Co-Curricular and Extra-Curricular Activities**

Eligibility Rules:

**Students will be eligible to participate in extracurricular activities if they are failing *no more than one class* at the time of the Eligibility Check.** If a student is failing more than one class, the student will be ineligible for competition, for five school days, during which they may work to improve their grades. If after the first five-day period the student has not brought all failures to passing status then the ineligible period continues for another five days. If after ten

school days the student still has one or more failures they will be removed from the team or club. Parents will be notified via ParentSquare if their child is ineligible.

### **Co-Curricular and Extra-Curricular Code of Conduct**

Students must follow all Board policies and school rules while participating in athletics and co-curricular activities. In addition, a separate Athletic Handbook has been developed governing the behavior of students participating in extracurricular activities. Students who violate policies and school rules may be subject to suspension or removal from the team/activity as well as additional disciplinary action under applicable Board policies and/or school rules.

Eligibility requirements for participation in non-sport co-curricular activities are the same as Extracurricular Activities/Interscholastic Athletics.

### **Student Activities**

The following activities, clubs, and sports opportunities are offered at MMS. Meeting times, locations, and other information regarding these are disseminated via the intercom system and Parent Square.

<b>Fine Arts Offerings</b>	<b>Sports Teams</b>	<b>Clubs (Anyone can Participate)</b>	<b>Activities Requiring Election or Application</b>
Art Club	Football	Dungeons & Dragons	Student Council
	Boys Soccer	Hunting & Fishing	Academy
	Girls Soccer	E-Sports	
	Cross Country	Digital Media Club	
	Wrestling	Garden Club	
	Cheerleading		
	Boys Basketball		
	Girls Basketball		
	Boys Baseball		
	Girls Softball		
	Track & Field		

**See Policy:**

[JJ - Co/Extracurricular Student Activities](#)

**Parent Involvement Opportunities**

MMS welcomes parent contact and parent involvement and urges families to reach out to us with any questions or concerns. Additionally, MMS may reach out when chaperones/volunteers are needed for field trips or for on campus after school events.

**See Policy:**

[KBF - Parent Involvement with Title I](#)

**Programs**

Medomak Middle School includes the Rivers Alternative Middle School (RAMS) program. This unique, application based program offers an alternative approach to Middle School centered on hand on and experiential learning. For more information, please see the attached RAMS handbook and application

**Library**

The Medomak Middle School Library strives to provide for the individual growth and development of students and for the professional growth of the faculty and staff. We encourage students to become independent learners by increasing their awareness of available resources and by teaching them the skills needed to locate and use resources.

The library is open for students, faculty, and staff use from 7:15 A.M. to 2:00 P.M. each school day. During all periods, students are required to have a pass and must sign in at the circulation desk upon arrival. Passes will not be issued to other locations in the building after arrival. Students must arrive with all necessary materials and academic plans. While using the library, students must remain quietly on task. Materials can be signed out at the circulation desk. Students with overdue materials may lose library privileges.

**Food and Drink**

MMS works hard to make sure its student's nutritional needs are always being met. At the same time, we need to balance practicalities and safety. In order to continue to provide a safe and hygienic learning environment, MMS limits food and drink consumption to the areas designated to be cleaned and monitored with food in mind. As such, food and non-water beverages,

including water with additives, must be consumed in the cafeteria or health office, unless otherwise authorized by the Principal. Food and drink consumption should be time limited to designated breakfast, snack and lunch times barring a medical necessity.

### Schedules:

#### 6th Grade Daily Schedule

Daily Schedule (6th Grade)			Two-Hour Delay Schedule	
HR	7:15-7:30	(15 min)	Refer to Parent Square for specific updates	
P1	7:30-8:28	(58 min)

Addendum 1 to the Medomak Middle School Student Handbook

## Rivers Alternative Middle School (RAMS) Supplemental Handbook 2024–2025

### **Introduction**

Welcome to the Rivers Alternative Middle School (RAMS), a unique program within Medomak Middle School designed to serve students who thrive in flexible, experiential, and hands-on learning environments. This supplemental handbook outlines the expectations, values, and structures specific to the RAMS program. All RAMS students are still bound by the policies outlined in the Medomak Middle School Handbook; this document adds to those expectations in recognition of the added autonomy and privilege associated with RAMS.

### **Mission Statement**

*To provide a structured, rigorous, and supportive learning environment for students who benefit from non-traditional, experiential approaches to education—emphasizing responsibility, self-awareness, collaboration, and real-world learning.*

### **Program Overview**

A middle school level alternative program that attempts to meet the students where they are at emotionally, socially and academically. Reconnecting students with learning by building confidence, strengthening self-image and self-worth, building trust and holding them accountable

for their successes as well as their failures. Through hands-on and community-based learning opportunities, RAMS attempts to change our student's perception of learning, intelligence and education as a whole. RAMS strives to create and foster a small community of learners coming together to help themselves and each other succeed in school and in life.

Ideal RAMS candidates are:

- Experiential learners who prefer “learning by doing”
- Academically capable but under-engaged in traditional settings
- Students with attendance challenges or social barriers in larger school environments
- Self-reflective and ready to set personal goals

Due to the unique goals and structures of the program, RAMS:

*Is Application-Based:*

Admission to RAMS is not automatic. Students must complete a [detailed application](#), including self-reflection and goal-setting components. Final acceptance and continued enrollment are at the discretion of the RAMS teaching team and MMS administration.

*Has Selective Retention:*

Ongoing participation in RAMS is contingent upon the student's ability to engage respectfully and responsibly in the program's flexible learning environment. Failure to meet expectations may result in a return to the traditional MMS academic program.

## **Core Values & Expectations**

RAMS students are granted more autonomy—and with that comes a higher standard of personal accountability. The following expectations exceed those of the general MMS student body.

*RAMS Core Values*

Courage: To try, to fail, and to try again

Respect: For self, others, materials, space, and learning

Responsibility: For choices, effort, and community contribution

## **Behavioral Expectations**

RAMS students will:

Demonstrate consistent self-regulation

Take initiative in learning and community responsibilities

Treat peers and adults with respect—even in moments of frustration

Contribute to the maintenance of physical spaces (classrooms, kitchen, shop areas)

Follow all RSU 40 and MMS behavioral guidelines, with added emphasis on independence and accountability

## **Academic Expectations**

RAMS students engage in a full and rigorous academic curriculum, in addition to...

*Flexible but Rigorous:*

RAMS courses are designed with real-world applications and project-based learning, but they maintain high academic standards. Students must:

Set and track personal academic goals

Maintain consistent progress toward standards

Participate in community-based projects, including service and fieldwork

Complete all assignments with effort and integrity

*Individual Responsibility:*

RAMS students are expected to self-manage their work and time. Supports are in place, but students must:

Ask for help when needed

Follow through on plans and projects

Reflect and revise their work

## **Attendance & Participation**

*Presence is Required:*

Due to the collaborative and experiential nature of RAMS, consistent attendance is critical. Patterns of tardiness, absenteeism, or disengagement may jeopardize a student's standing in the program.

#### *Active Participation:*

Students must actively participate in all aspects of the program—academic work, community activities, field experiences, and reflection.

### **Community Conduct & Safety**

A core component of the RAMS philosophy is the transfer of classroom learning to real-world experiences. RAMS is grounded in the belief that experiential learning not only enriches education but also deepens student understanding. This kind of learning is made possible through meaningful engagement with the broader community. As such, RAMS students are held to elevated expectations regarding their behavior in workplace and community settings. Failure to meet the behavioral standards of RSU 40, Medomak Middle School, or specific events may result in the loss of community-based learning opportunities and, in some cases, removal from the RAMS program.

### **Disenrollment Process**

If a RAMS student is not meeting program expectations despite support and interventions, the following may occur:

1. Family Meeting: RAMS staff, the student, and family meet to review concerns.
2. Support Plan: A short-term plan is created to guide improvement.
3. Review Meeting: After a trial period, the team evaluates progress.
4. Decision: The RAMS staff and MMS administration make a final decision regarding continued participation.

Note: Due to the program's limited size and unique structure, re-entry into RAMS after removal is possible.

### **Final Note**

RAMS is a place for students ready to take ownership of their education. Success here requires a mindset of growth, a willingness to work hard, and a commitment to community. If you are here, it is because we believe in your potential—and we expect you to live up to it.

Addendum 2 to the Medomak Middle School Student Handbook

## **RSU 40 Athletics/Extracurricular Activities**

### **Code of Conduct**

All students are expected to comply with this Code of Conduct and all related Board policies and school rules. The Code applies to students on school property, while in attendance at school or at any school sponsored activity, or at any time or place that such conduct directly interferes with the operations, discipline or general welfare of the school.

### **Athletic Philosophy**

The RSU 40/ MSAD 40 interscholastic athletic program plays an integral role in the total curriculum program. Benefits developed by interscholastic participation include: good sportsmanship, team play, a competitive spirit, a higher degree of physical fitness, motor skill,

and the development of emotional and mental attitudes that benefit the individual, the school, and the community. As a result of these benefits, the individual will develop a positive feeling of self-worth, commitment, and the meaning of cooperation among associates. Every student taking part in the interscholastic athletic program should realize that this participation is a privilege and that he/she must be prepared to follow all rules, as set forth by this handbook, and those of the local administration and school board.

### **Code of Ethics**

It is the duty of all concerned that middle school extracurricular participants will follow the code of ethics set forth by the district.

- Cultivate awareness that participation in school activities is part of the total education experience and, as such; no one should either seek or expect academic privileges for the participants.
- Emphasize the proper ideals of sportsmanship, ethical conduct and fair play as they relate to the lifetime impact on the participants and spectators.
- Develop an awareness and understanding of all rules and guidelines governing competition, both in letter and intent, and to comply with them in all activities.
- Recognize that the purpose of activities in school programs is to develop and promote the physical, mental, moral, social and emotional well-being of individual participants.
- Avoid any practice or technique, which would endanger the present or future welfare or safety of a participant.
- Avoid practices that force or encourage students to specialize or which restrict them from participation in a variety of activities.
- Refrain from making disparaging remarks to opponents, officials, coaches, or spectators in any aspect of school activities.
- Vigorously encourage the development of proper health habits and discourage the use of chemicals, including alcohol and tobacco.
- Exemplify proper self-control at all times and accept adverse decisions without public display of emotion or dissatisfaction.
- Encourage everyone to judge the true success of the activities/ programs on the basis of the attitude of the participants and spectators, rather than on the basis of a win or loss.

### **Athletic Code**

In order to continue the fine tradition in athletics that RSU 40 has built over the years, the RSU 40 has adopted a student athletic code. It is suggested that all students desiring to take advantage of the athletic program in the schools carefully scrutinize this code before deciding to become a squad member. Parents should also be familiar with this code.

### **Eligibility**

Before any athlete can participate in tryouts, he/she must have returned to the coach, a signed parental permission slip. Physical exams are also required prior to practicing or participating in a sport. Results of the physical examination and sports Participation Approval form and concussion form must be forwarded to RSU40's District Health Office.

Team managers shall be considered as squad members and shall meet the same requirements as the athlete. Athletes will be allowed to change from one sport to another only by mutual consent of the coaches involved and the Athletic Director. This change should be made prior to the last "cut" in a "cut" sport and prior to the first contest in a "no cut" sport. Special cases will be determined by the Administration.

Athletes must pass all classes in the most recently completed ranking period to be eligible to play sports. Progress and quarter grades will be used in the academic evaluation process. Any academic probation or ineligibility period will commence the day after rank cards are distributed.

If at progress or quarter end the athlete is failing one class, the athlete will be placed on academic probation for five school days. During that time, the athlete can fully participate in all aspects of any sport. If after the five school day academic probation period the athlete is not passing all classes, the athlete will be ineligible for five school days. During that time, the athlete may practice, but will not be allowed to participate in any scrimmages, exhibitions, regular season or postseason contests. If the athlete is still not passing all classes after the five school day ineligibility period, the athlete will be removed from the team and will remain ineligible until the next sports season.

If at progress or quarter end the athlete is failing two or more classes, the athlete will be ineligible for five school days. During that time, the athlete may practice, but will not be allowed to participate in any scrimmages, exhibitions, regular season or postseason contests. If the athlete is passing all classes at the end of five school days, the athlete may resume play. If after the five school day academic ineligibility period the athlete is still not passing all classes, the athlete will be ineligible for another five school days. During that time, the athlete may practice, but will not be allowed to participate in any scrimmages, exhibitions, regular season or postseason contests. If the athlete is still not passing all classes after the second five school day ineligibility period (10 school days total), the athlete will be removed from the team and will remain ineligible until the next sports season.

Any student that has earned an "ineligible status" is allowed to participate in their athletic practice, but not in any competition. If there is an athletic competition scheduled in the five-day period the athlete may sit on the bench in street clothes and represent MMS as a supportive team member.

## **Scenario**

Progress one grades are run according to the school calendar. Josh Snyder and Matt Lash both have at least one failure.

Josh is failing Art so he is on “probation” for five school days. Since Josh is on probation (he only failed one class) he is allowed to participate in games/contests for five school days.

Matt is failing Science and Art so he is ineligible because he failed two classes. He may not participate in games/contests for five school days, but he can practice.

5 school days go by...

Josh is now passing Art but failing Science. Because he is still failing a class, he cannot participate in games/contests for the next five school days, but he can practice. Since he is still failing a class, he is now ineligible. He has five days to get his grades to all passing or else he will be removed from the team.

Matt is now passing all of his classes. He regains his eligibility status the following day and can participate in games/contests. He is no longer ineligible.

## **Conduct**

1. Participation in all extra-curricular activities, including athletics, is considered an earned privilege. Students participating in our activities and/or athletics must maintain good academic and behavior standards. The administration reserves the right to withdraw, or bar entirely from participation in athletics and other activities, any student whose grades and/or behavior is not of a satisfactory level.
2. Students will be ineligible for extracurricular activities if they receive an in-school or out-of school suspension. Not only will the student be ineligible for the duration of the suspension, but upon return to school he or she will also be ineligible for the same number of days that she/he was on ISS or OSS. At the coach’s discretion the student may be allowed to practice, but not participate in games.

For example:

(OSS) Student X gets suspended for 5 days. Because he is not allowed on school grounds, he becomes ineligible for practices and games. Upon returning to school on Monday, he may practice that week, but not play in any games.

(ISS) Student X receives a day of ISS. He/she may not practice or play that day. If there is a practice the following day, he may practice. However, if there is a game, he will not be eligible.

3. All squad members will abide by any additional rules set forth by the coach in writing. Squad members and parents will acknowledge receipt of these rules in writing.

### **Attendance**

1. Regular school attendance is required of all athletes. At RSU 40/ MSAD 40 schools, students must be present for morning attendance, and remain for the entire school day to be eligible for the after-school activity (practice or game). Legitimate excuses will be given consideration by the school administration.
2. Athletes serving any school suspension will not be allowed to practice or take part in contests while on suspension.

### **Cut Policy**

RSU 40 does not encourage a "cut" policy, but does recognize the need to limit, in various sports, the number of team members that can be safely handled by the coaching staff. There may also be a need to bar individual students for various reasons.

### **Conflicts with Student Activities**

A student who attempts to participate in several co-curricular activities both in and out of school, will, undoubtedly, be in a position of conflict of obligations. We understand that each student shall have the opportunity for a broad range of experiences in the area of co-curricular activities, however a student cannot miss school sponsored practices or contests for outside teams or clubs. To help accomplish this, the administration will attempt to schedule events so as to reduce the chance of conflicts. It is the student's responsibility to notify the advisors, coaches or faculty members involved immediately when a conflict of two school-sponsored activities arise. No student will be penalized for any decision that he/she makes.

### **Transportation**

All athletes are required to travel to and from contests with the team in school provided transportation. Permission to return home with parents after an away contest may be granted on special occasions. The parent must sign out their athlete with the coach prior to taking the athlete home. Any parent who would like their athlete to ride home with another approved adult, must provide administration a written note the day of the game(s). If there are unforeseen circumstances that do not allow for this

procedure to be followed, administration will be notified and make an appropriate decision based on the particular circumstance.

### **Training Rules**

A student will be subject to consequences if he or she violates the RSU 40's Chemical Health Policy during the season. Students and parents must note that violators may be barred from all participation based on section 2a conduct. See the policy later in this handbook for more information.

### **Athletic Council**

1. The council will oversee any appeals or meetings regarding student eligibility for middle school.
2. The council will include the administration and athletic director from the middle school.
3. Appeals will be made in writing and directed to the principal.
4. The decision of the Athletic Council will be final.

Revised 7/13/2025
