BULB Fundraiser

Flower Power bulb orders still available online at <http://Prescottmemorial.fundraising.com> until May 15th.

Pre-K Information:

We currently have six Pre-K classrooms in our district located at Miller School (2), Union Elementary School (1), Prescott Memorial School (1) and Warren Community School (2). Students attend five full days a week. Each Pre-K class is full when it reaches 16 students.

Friendship students will have the option of being transported to/from Warren or Miller School based on class sizes.

A child must be four years old on or before October 15, 2024, to be eligible to register for Pre-K. Priority will be given to students who live in our school district.

Of our **96** seats, we will begin filling **90** seats on **March 1st**, on a first come, first serve basis beginning with students who reside in RSU 40. We will notify out-of-district requests at the beginning of **July 2024**, if we have space available. The remaining students will be placed on a wait list and applications will continue to be collected through **September 3rd**, at which time the remaining seats will be filled with priority being given to children who fit into the following eligibility categories:

- **Children with IEPs**
- **Multi-language learners**
- **State agency clients** (Children in foster care, kinship care, or with an open child protective case)
- **Children who are homeless**
- **Free & reduced meal eligibility**
- **Resident of RSU 40**

A child will not be considered for placement in a class until registration is fully complete including proof of residency, birth certificate and immunization record.

Herring Gut Coastal Science Center

Offering 2024 summer camp programs that are **free of cost** to Maine students thanks to the [Maine Outdoor Learning Initiative](#).

Junior Marine Scientist Camp (ages 11-13)

Session 1: July 8-12, 2024

Session 2: July 22-26, 2024

Our camp week is packed with a sailing trip, kayaking, and a trip to Colby College's Island Campus. Junior marine scientists will take a deep dive into the marine world by observing animals, studying seaweed, carrying out experiments, and collecting data. Experience the marine ecosystems that make Midcoast Maine so unique and learn what you can do to protect them!

Herring Gut will be providing transportation down the St. George Peninsula at 8:30am and will bring students back at 3:30pm. Specific pick-up locations, including the Knox Museum, will be shared closer to the start of camp.
