Game Day at the Library!

We had a week of board and card games at the library!
We had a little popcorn too!

Scientist to Go Program

Our 5th and 6th graders got to experience The Scientist To Go program sponsored by the Gulf of Maine Research Institute. This program allows students to meet with a wide range of scientists live over zoom and to learn a little bit more about what they do. This session featured Brianna Cunliffe who discussed how communities can work together to dream up new visions for their climate future!

Scientist To Go presentations can highlight how the scientist ended up where they are today, what they are researching, and/or anything else that they want to highlight about their scientific career. These presentations will expose students to a diverse group of scientists and science career paths, including both formal and informal science, and let them see science in ways that they may not get to see in a traditional classroom setting.

3rd Grade Sledding

The 3rd graders wrote paragraphs to explain the rules regarding sledding and safety at school. After, they were able to go outside to review and model those rules. We then turned it into a sledding party! ♡❄️💙

Rules for Sledding By Brooks Snell

These are all the rules for sledding outside. First, do not jump on someone or else they might get hurt. Next, wait your turn because if you don't, then other people will get mad because you cut them. Finally, have fun when you're sledding because there is nothing better than having fun. To conclude, those are the rules for sledding outside.

SCHOOL COUNSELING

2024-
2025

This Month in School Counseling

CLASSROOM LESSONS

This month in school counseling classroom lessons, PreK students are learning about **Friendship**. Kindergartners are exploring **Feelings** and 1st graders are practicing **Executive Function Skills** such as **Self Control** and **Flexibility**. Students in 2nd grade will be practicing **Communication Skills** such as **Tone of Voice**. In 3rd grade, we are working on **Conflict Resolution** strategies. Students in 4th grade and in 6th grade will be working on **Teamwork**. Lastly, 5th graders are continuing to learn about **Digital Citizenship** using Common Sense Media.

SMALL GROUPS

I lead small groups on a variety of topics including friendship skills, feelings regulation, family changes. Please feel free to reach out if you think your child could benefit from participating.

Coffee with the Counselor

Any interested parents/guardians are invited to join me for the next Coffee with the Counselor event of the year. Our topic of focus will be anxiety in kids.
