

### **Student Use of Privately-Owned Electronic Devices at School**

The Board recognizes that many students possess privately owned cellular telephones and other electronic devices. These devices may not be used at school and/or during school activities in any manner that disrupts the educational process, or that violates Board policies or school rules. Any personal device intended to be used for schoolwork must be approved and used according to policy IJNDB – Student Digital Device and Internet Use and IJNDB-R – Student Digital Device and Internet Use Procedure. RSU 40 is not responsible for damage, loss, or theft of such devices. The Superintendent is authorized to develop any school rules necessary to implement this policy.
